County's Crops Suffer Damage In Night Rain

Hay, Potatoes, Lettuce And Fruit Injured By Storm

Nature's little practical joke on the peninsula—a mid-winter down-pour Tuesday night at the beginning of summer—was half curse, half blessing, according to County Agricultural Commissioner Max Leonard.

For while the county's crops of hay, lettuce and fruits were damaged by the heavy out-of-season rain, sprouts, cauliflower, summer cabbage and young peas were benefited.

Growers of hay were probably most inconvenienced by the rains, which grew from a light mist at 9:30 into a heavy rain later on in the night and left 2.8 inch in Redwood City to bring the season's total to 23.43 inches, as compared with 19.04 inches last year at this time.

SLIME ON LETTUCE

Since most of the peninsula's 12,000 acres in hay are mostly cut but with the crop not yet baled, stacked or put away, the farmers are going to have to turn the hay over to permit it to dry, if further rains don't make this impossible.

Approximately 20 per cent of the county's 1000 acres of lettuce will develop slime as a result of the rains, Leonard said. The young crop not yet ready for harvesting will not be damaged.

Harm to fruit crops will be minor in this county only because the county raises few fruits.

Berries, however, will rot from their untimely wetting, Leonard said.

The other crops, newly planted, will profit from the soaking.

MORE SHOWERS DUE

Growers of potatoes will suffer inconvenience only because of the necessity of letting the "spuds" dry before they can be handled easily, the commissioner said, but he viewed any handicap on the already sorely hit potato growers, struggling with a sluggish and low market, as extremely serious.

The United States weather bureau in San Francisco predicted clearing and warmer weather for tomorrow, but expected probable showers tonight, according to the United Press.

Ace Parker, former Duke University football star and rookie outfielder with the Philadelphia Athletics, may be hired to help coach the University of Mexico football team.

An ounce of lettuce seed will provide 5000 plants.

Bureau Finds 12,639 Work

In the four years since its inception, the National Re-employment Service of San Mateo county has found work for 12,639 persons on federal, public and private projects, according to the report just issued by L. E. Fisher, acting manager for the county, and his advisory council of Floyd Tower, San Bruno; Heim Goldman, San Mateo; James Howell, Atherton; Dr. Will Rebec, Belmont, and Z. T. Thorning, Redwood City.

The placements represent more than two-thirds of the 18,799 new applications received. The report shows that 5556 persons were placed in private employment; 1004 to the CWA, which closed in April, 1934; 1346 to the WPA, which now makes its own assignments; and 4733 to public work programs.

\$24,638 COST

Cost of the employment work for the entire period was \$24,638.06, of which the federal government put up \$15,952.30 and the county and other sources contributed the remainder. At the present time there are five members of the staff, all paid by the federal government.

In his report, Fisher points out that the employment service "cannot create jobs for the jobless," but aids by bringing together "the jobless men and the manless jobs."

NOT A RELIEF AGENCY

In no sense a relief agency, the re-employment service works with relief agencies to find work. However, the service, primarily a "public employment office," fished added, has enrolled more non-relief workers than those on relief.

For the last fiscal year the cost per claimant of local contributions amounted to 65 cents, he continued. The direct cost to this county in light of taxpayers and contributions for the entire period is 50 1/2 cents. The service is maintained free to employers and employees.

Three Motorists All Hurt on Left Side in Accident

Left ears and left shoulders of two Redwood City residents and a Palo Alto were the chief "casualties" Tuesday night of an El Camino Real automobile accident in which a car overturned after skidding on rain-drenched streets as the driver swerved to avoid hitting a pedestrian.

Injured were Irene Gardner, 30, 1813 Middlefield road, and Vanita Butterfield, 31, Sequoia Hotel, both of Redwood City, and Frank Thatcher, 48, 734 Webster street, Palo Alto.

Curiously enough all were injured on their left sides, each suffering a lacerated and cut ear, while Thatcher broke his collar bone on the left side and the others wrenched their shoulders, according to Dr. Harry E. Mason, driver of the machine, John C. Mollison, 24, 833 Clinton street, Redwood City, told highway patrolmen that his machine skidded in the pouring rain as he strove

Port Manager Given Two-Year Contract

Modernization Of S. P. Depot Being Planned

Redwood City's plea for modernization of the Southern Pacific passenger station, which recently was removed across the tracks from the site where it had stood for many years, has been heeded.

The depot will be remodeled and beautified during the present transformation process, it was announced by railroad officials who met here with a committee of the Redwood City Chamber of Commerce late Saturday to discuss the improvements.

Although the structure of the building will remain the same, the appearance will be entirely new.

STUCCOED OUTSIDE

The outer walls will be of California stucco and the roof of variegated moss green asbestos.

The lobby will be 24 by 50 feet, of which 24 by 20 feet will be of tile space.

The ceiling will be of tile, patterned with variegated colors. The interior walls are to be of texture stucco. Red cement pavement of patterned design will be used for the floors, while the rest room facilities will be new, with tile walls. An automatic heating and ventilating system is to be installed.

THREE INLETS

The large arcade front, which is 18 by 105 feet, will remain, but the big bay window will be removed. A cement walk is to be built around the entire station, the railroad officials said.

Three inlets and outlets to the depot are being built. One road is to be parallel to the tracks, coming out at Broadway; another will extend Montgomery street, and the third will be an extension of James avenue. In the center where the streets meet there will be a circular parking area, which will be landscaped, as will the space between the depot and sidewalk.

"BEST IN PENINSULA"

"Redwood City will have one of the best looking stations on the peninsula," W. H. Kirkbride, chief engineer of the Southern Pacific, declared.

He stated that the structure of the old building was in good shape and the depot will be as good "as if the railroad had started it from the ground up."

Members of the chamber of commerce committee present at the meeting were Henry Beeger, Daniel Stafford, Roscoe Wyatt, Perry Bygones and Sam Winkler. Representing the Southern Pacific were Kirkbride, H. A. McNair, J. M. Shristie, architect, and C. J. Astrue, office engineer.

About 450 attended the meeting and banquet which followed as features of the annual alumni home coming day.

M.P. Clothing Store Operator Succumbs

Mrs. Nelle G. Fletcher, resident of Menlo Park for the past 12 years, passed away Sunday following a period of ill health. Until a month ago she operated a clothing store in Menlo Park.

She was the widow of the late James Fletcher. She lived on Alameda de las Pulgas in Menlo Heights.

Peirson Death Halts Contest

Death of Harry J. Peirson, San Bruno retired marine, in an automobile accident near Colusa in which Atty. John E. Manders of Redwood City was injured, halted trial of a will contest Monday in San Francisco superior court.

Mr. Peirson was killed in a machine Manders was driving as the pair sought a witness in Mr. Peirson's contest of the will of his mother. Manders was severely bruised and shaken.

The will of the dead man's mother, Mrs. Katherine E. Peirson of Ukiah, left the bulk of her \$35,000 estate to her daughter, Mrs. Lucy K. Enzenbacher of 403 Clayton street.

Bequeathed only \$2,000, the son charged that his mother was of unsound mind and was strongly influenced by spiritualists in drawing up her will.

The jury hearing the case was to be discharged today by Superior Judge T. I. Fitzpatrick.

Frank Parker, Miss Faye Join Radio Programs

The Wednesday and Friday coast-to-coast radio programs sponsored by Chesterfield cigarettes will change stars for the summer weeks beginning June 30 and July 2, respectively. On the first date Frank Parker becomes the featured singer with Andre Kostelanetz's orchestra, while the Friday show which presents the dance tempos of Hal Kemp will move to Hollywood to be joined by Alice Faye, the popular star of Twentieth Century-Fox musicals.

Neither of Chesterfield's new singing stars needs an introduction to readers of these columns. Wherever radio sets are owned, Frank Parker's fine tenor voice has inspired much tuning in. The handsome young tenor has been featured on the stage and screen as well, but his widest popularity has been achieved in the field of radio. On the Chesterfield Wednesday programs Parker will present the outstanding songs as well as the very best in the popular class. With the brilliant musical settings of Andre Kostelanetz this should be one of the summer's finest musical shows, so make a note of the time—Wednesdays at 9 p. m., New York time, on your Columbia network station.

Coming to Chesterfield's summer plans for Friday evenings, Alice Faye brings an artistry in popular singing that will match the famous Kemp tempo to perfection. Miss Faye's ability to entertain huge audiences was recognized when she was given the leading part in Hollywood's production of George White's Scandals. Since then Alice Faye's name has headed the cast of some of the best liked musicals ever made for the screen. Her Chesterfield radio show, with Hal Kemp's band, will be a new weekly coast-to-coast feature and there is no doubt in anyone's mind that Friday evenings at 7:30 o'clock your nearest Columbia station will bring the finest in dance music and popular songs.

Opening of District For Business Refused

In a brief meeting at which no other business was discussed, the Redwood City Planning Commission Tuesday unanimously denied the application of Rosario Patane for rezoning a lot in the Heag tract on Woodside road from second residential to business. Commissioner Edwin DeSmith introduced the action and Commissioner Edward Allen seconded.

Stewardess Ruby Reykelin (bottom), and Helen Hawkins have their own idea of the design United Air Lines should feature on the special fight plane that will be flown to the Braddock-Louis championship match next week. The big transport, which will carry 21 fight fans, will leave here the night of June 21 and return the morning after the bout.

County's Crops Suffer Damage In Night Rain

Hay, Potatoes, Lettuce And Fruit Injured By Storm

Nature's little practical joke on the peninsula—a mid-winter down-pour Tuesday night at the beginning of summer—was half curse, half blessing, according to County Agricultural Commissioner Max Leonard.

For while the county's crops of hay, lettuce and fruits were damaged by the heavy out-of-season rain, sprouts, cauliflower, summer cabbage and young peas were benefited.

Dante Accornero, 21, San Francisco moulder, was fined \$25 Saturday by Justice of the Peace Edward I. McAuliffe for reckless driving last week-end, when Accornero was at the wheel of a car which overturned on Portola road, injuring four young San Francisco women. Leonard H. Holt, 43, 620 Chilton road, Redwood City, was forced off the road by Accornero's car, according to highway patrolmen.

MENLO PARK NEWS NOTES

Father Thomas McKeon, pastor of the Church of the Nativity, has gone to Mt. Lassen for a two-weeks' vacation. Father McKeon has well earned this vacation for he is an earnest and hard worker in his noble calling.

F. W. Rourke, who with his wife has been in New York settling an estate for some time, will return to Menlo Park in a short time. Mr. Rourke was a Tammany leader in New York some years ago, holding a number of political positions while there.

Nellie G. Fletcher, who died June 13, was buried on Wednesday. For 12 years she conducted a specialty shop in Menlo Park. She came here from New York, where she was in the dressmaking business for years, becoming an expert in her line. She enjoyed a good business here.

Miss Cecelia Carleton, Miss Grace Carleton, and Mr. and Mrs. Buckhout left during the week for a vacation to be spent in the North.

Joseph Prien, Menlo Park radio merchant, will be united in marriage on June 26 in the Church of the Nativity to Miss Josephine Wilson of Palo Alto. The prospective bride is a Stanford graduate, while Mr. Prien received a degree from Santa Clara University. The young couple will live in Stanford Park.

Miss Elena Madison, granddaughter of Mrs. P. Eyre of Atherton, arrived from Maryland, where she had been attending a private school. Her young friends are planning a reception in her honor tomorrow.

Fire Warden Hurt in Fall

Jack Savage, deputy county fire warden, was on crutches today as the result of a fall he suffered late Saturday afternoon while responding to an alarm for a grass fire on Whipple road, just outside the Redwood City limits. Savage suffered a severe sprain, requiring treatment at the Mason Emergency Hospital.

Peirson Death Halts Contest

Death of Harry J. Peirson, San Bruno retired marine, in an automobile accident near Colusa in which Atty. John E. Manders of Redwood City was injured, halted trial of a will contest Monday in San Francisco superior court.

Mr. Peirson was killed in a machine Manders was driving as the pair sought a witness in Mr. Peirson's contest of the will of his mother. Manders was severely bruised and shaken.

The will of the dead man's mother, Mrs. Katherine E. Peirson of Ukiah, left the bulk of her \$35,000 estate to her daughter, Mrs. Lucy K. Enzenbacher of 403 Clayton street.

Bequeathed only \$2,000, the son charged that his mother was of unsound mind and was strongly influenced by spiritualists in drawing up her will.

The jury hearing the case was to be discharged today by Superior Judge T. I. Fitzpatrick.

Frank Parker, Miss Faye Join Radio Programs

The Wednesday and Friday coast-to-coast radio programs sponsored by Chesterfield cigarettes will change stars for the summer weeks beginning June 30 and July 2, respectively. On the first date Frank Parker becomes the featured singer with Andre Kostelanetz's orchestra, while the Friday show which presents the dance tempos of Hal Kemp will move to Hollywood to be joined by Alice Faye, the popular star of Twentieth Century-Fox musicals.

Neither of Chesterfield's new singing stars needs an introduction to readers of these columns. Wherever radio sets are owned, Frank Parker's fine tenor voice has inspired much tuning in. The handsome young tenor has been featured on the stage and screen as well, but his widest popularity has been achieved in the field of radio. On the Chesterfield Wednesday programs Parker will present the outstanding songs as well as the very best in the popular class. With the brilliant musical settings of Andre Kostelanetz this should be one of the summer's finest musical shows, so make a note of the time—Wednesdays at 9 p. m., New York time, on your Columbia network station.

Coming to Chesterfield's summer plans for Friday evenings, Alice Faye brings an artistry in popular singing that will match the famous Kemp tempo to perfection. Miss Faye's ability to entertain huge audiences was recognized when she was given the leading part in Hollywood's production of George White's Scandals. Since then Alice Faye's name has headed the cast of some of the best liked musicals ever made for the screen. Her Chesterfield radio show, with Hal Kemp's band, will be a new weekly coast-to-coast feature and there is no doubt in anyone's mind that Friday evenings at 7:30 o'clock your nearest Columbia station will bring the finest in dance music and popular songs.

Opening of District For Business Refused

In a brief meeting at which no other business was discussed, the Redwood City Planning Commission Tuesday unanimously denied the application of Rosario Patane for rezoning a lot in the Heag tract on Woodside road from second residential to business. Commissioner Edwin DeSmith introduced the action and Commissioner Edward Allen seconded.

Modernization Of S. P. Depot Being Planned

Redwood City's plea for modernization of the Southern Pacific passenger station, which recently was removed across the tracks from the site where it had stood for many years, has been heeded.

The depot will be remodeled and beautified during the present transformation process, it was announced by railroad officials who met here with a committee of the Redwood City Chamber of

Owen Returns To R.C. Church

Two new pastors for peninsula Methodist churches were appointed when the annual California Conference of the Methodist Episcopal Church ended in Stockton Monday.

They are Rev. C. Merle Clark of Hollister, to the South San Francisco and Millbrae charge, succeeding Rev. E. E. Winning, who has retired, and Rev. J. Douglas Ewan from the Southern California Conference to Burlingame, succeeding H. E. Milnes, who becomes executive secretary of the Conference Claimants Endowment Board.

Rev. W. J. Owen, minister at the Redwood City church for three years, was renamed pastor here. Other peninsula pastors reappointed are Rev. Daniel W. Stevens, Palo Alto; Rev. Harry Pressfield, Mayfield; Rev. R. L. McArthur, San Mateo; J. C. Kelsey, Half Moon Bay; H. D. Harkins, San Bruno.

Rev. J. L. Burcham of San Mateo, former vice president of the College of the Pacific, was renamed as superintendent of this district.

S. P. Strike Threat Formal End Nears

The formal end of Southern Pacific strike threats awaits only official action from the railroad itself, union spokesmen were quoted as saying today. A presidential board is studying recommendations, it was said, although only two of the nine points under discussion have been settled so far. The trainmen and the Brotherhood of Locomotive Firemen and Engineers voted to strike in April, after which the emergency board was appointed by President Roosevelt.

The vacancy at the Wesley Foundation at Palo Alto, created by the appointment of the Rev. Richard Silverthorn of Palo Alto to the presidency of the Spanish-American Institute at Cardena in the southern part of the state, is yet to be filled.

Rev. Bernhard Anderson replaces Rev. W. H. Lloyd at Sunnyvale. Rev. Lloyd has retired.

Dr. James Whitaker, former pastor of the San Jose Centella church and father of W. Earl Whitaker, Redwood City school principal, was reappointed to the post of pastor of hospitals and homes for Santa Clara county. He has held the position for the past eight years.

HOT WATER

at any hour... day or night

THIS is no time to neglect thrift. It is no time to waste money. You do neither when you heat water by means of an Automatic Gas Water Heater. After all, it is just plain arithmetic, being proved in thousands of California homes, that you spend to save when you have an Automatic installed in your home. Consider this: If you are using a water heater that has to be lighted with a match, and you also resort to a tea kettle of hot water, every gallon so heated costs twice as much as it would if hot water were always on tap from the insulated tank of an Automatic.

You should also investigate this form of saving in your home. You should take advantage of the low prices of these truly modern Automatic Water Heaters. Prices have never been so low, and right now special easy-to-purchase terms are in effect.

See a representative of this company today or consult your local gas appliance dealer. An Automatic can be purchased for as little as Three Dollars a Month. Act now on this thrift-wise suggestion.

W.H. Alexander Former Local Resident, Dies

William H. Alexander, retired
New York City banker who lived
in Redwood City until last Sep-
tember when he moved to Santa
Cruz, passed away Sunday night
in a hospital there, it was learned
here today.

Mr. Alexander, who was 58, lived
here at 1416 Oxford street, in a
home he owned at the time of his
death.

A serious operation was direct
cause of the death that followed
a long illness.

A Spanish-American war veteran
and member of the S.A.R., the
retired financier was the son of
W. P. Alexander, colonel in the
Spanish War and for several terms
mayor of Springfield, Mass., birth-
place of William Alexander.

The retired banker made his last
home at Seal Cliff where last Sep-
tember he purchased the DeVaney
home, central coast showplace.

Surviving are his wife, Agnes
V. Alexander, and a stepdaughter,
Madeline Alexander, both of the
Seal Cliff residence; his mother, Mrs.
Frances Elizabeth Alexander of
New York, and three sisters, Mrs.
Glady Frittz and Miss Julia S.
Alexander of New York City and
Mrs. Ann Harris of Cape Cod.

Beating Up Neighbor Costs Man \$100 Here

The beating which Joseph Conti
of Lawndale inflicted upon his
neighbor, Albert Aldinger, last
September, cost Conti \$100 today.
This was the sum accorded by
Superior Judge Maxwell McNutt
in damages to Aldinger. At the
same time the judge released An-
tonio Conti, Joseph Conti's em-
ployer, from any responsibility. He
had been named co-defendant in
the suit by Aldinger, who had
asked \$16,000 compensation.

For District

SAN CARLOS, June 17.—A "petition to add certain lands to Belmont County Water District" was being circulated in the Devonshire district today as the result of a session of the North San Carlos Improvement Association Tuesday night in the city hall.

The petitions are being circulated by members of the improvement association, with information concerning them being available from L. L. Ingram, P. H. Conlon or D. W. Batesole.

Batesole, president of the association, presided at the meeting, which was called to discuss means of securing more satisfactory and economical water service in the Devonshire tract.

A letter was read from the Belmont County Water District giving figures on their water service and giving also figures on additional users. Col. C. N. Kirkbride, attorney; Hermann Kohlmoos, auditor, and R. C. R. Morser, engineer of the Belmont County Water District, were present and explained the manner in which the water district was first organized and the practicability and eventual economy with which the whole town is supplied with water, the same rate prevailing in all districts.

C. D. Cunningham of the Sierra Water Company indicated that his firm was willing to cooperate in obtaining lower water rates.

A. H. Sagehorn for his committee suggested that his report be made later.

L. L. Ingram, secretary, read figures comparing the prices paid in the Devonshire district with those in the Belmont district: 200 cu. ft. costs \$2.50 in Devonshire and \$1.93 in Belmont; 500 cu. ft. in Devonshire district \$4.00 and in Belmont \$2.22; 1000 cu. ft. in Devonshire district \$6.00 and in Belmont \$3.66.

Colonel Kirkbride explained legal angles relative to the petition.

In accordance with the constitution of the association a membership committee was elected, members being President Batesole, L. V. Leonard and Charles L. Wilson.

Batesole reported that improvements on upper Highland and Northman avenues had been completed.

The subject of a civic recreation park was discussed and the tract of land just beyond the intersection of Phelps and Arundel roads was mentioned as a favorable location for such a park. The matter will be taken up by Secretary Ingram with the city council and organizations of the community.

Chicken Pox Outbreak
Noted on Peninsula

An increase in the number of cases of chicken pox was noted in the weekly health report issued today by County Health Officer Dr. Charles C. Gans.

Twenty-four new cases throughout the county were disclosed this week, six of them in the unincorporated area around Redwood City. Atherton, Belmont, Hillsborough, San Mateo and Redwood City reported no new cases. Scarlet fever was the most serious disease noted, but only two were reported.

STORIES IN
STAMPSBY I. S. KLEIN
**ELUSIVE ANTELOPE
OF THE JUNGLES**

RAREST and largest of the antelopes of Africa is the bongo, fleet, handsome animal that inhabits the thick jungles. So sensitive is this creature, and so alert, that hunters have been able to trap only two live specimens, while scarcely a dozen have been killed for museums.

Despite its spiral horns, which grow on both male and female, it can glide through bamboo thickets and heavy undergrowth. Hunters have had to crawl stealthily on wet ground to stalk the animal, and only by digging a great number of camouflaged pits in strategic places were they able to catch the animal alive.

The bongo eludes detection by the white stripes on its chestnut coat, blending its color with the surrounding bamboo forest. Its large fringed ears give it extremely sensitive hearing.

The animal is illustrated on stamps of Liberia. One is shown here.

\$3044 Extra

Evidencing the important administrative role which the board of supervisors intends that County Executive Ernest A. Rolison shall occupy, much of the business which came before the board at yesterday afternoon's brief session was referred to the manager for study and disposition.

Working with an agenda greatly reduced by Rolison's weeding out routine matters and taking care of them, the supervisors were able to be through their session hours earlier than usual, freeing them for a lengthy session on the Menlo Park County Water District.

Referred to the new executive for study and recommendation were: Five requests by county departments for \$3044 in appropriations from the unbudgeted reserve to make up deficits in their year's budget. Included were: coroner, \$575, for extra expenses in connection with the Mills Field February plane crash; sheriff, \$123; juvenile home, \$400; justice and recorder's courts, \$400; and board of education, \$546.

A proposed agreement between the Western Shore Lumber Company and the county for fire trails and motor ways through property owned by the firm.

Peninsula Beacon, June 4, 11, 18, 1937.

Chamber of Commerce over the condition of the extension of Ralston avenue to Skyline boulevard, with Supervisor James S. James recommending that Rolison and Engineer U. S. Marshall decide whether new construction work or maintenance is required.

An approved request of 21 Emerald Lake property owners for installation of 20 new lights in the Emerald Lake lighting district, with Rolison being ordered to negotiate with Pacific Gas & Electric Company officials for installation of the lights.

Several other matters were disposed of expeditiously because of previous study by Rolison.

Ephraim Adams was requested to meet with Dist. Atty. Gilbert D. Ferrell to discuss formation of a drainage district in Friendly Acres, with the possibility having been suggested by the executive that the Friendly Acres area might be included in an already existing district.

GAS ORDINANCE PASSED
For work done in May, 1936, for the North Fair Oaks sewer district, \$40 was ordered paid from

the unbudgeted reserve to George Erskine.

Three ordinances were passed: The first granted to the Pacific Gas & Electric Company for \$25 a franchise to distribute gas in San Mateo county, with an agreement stipulating that starting in five years the county will receive 2 per cent of the annual receipts here from gas.

Another provided an amendment to the zoning ordinance, increasing front-yard setbacks in Menlo Oaks to 40 feet in conformation with deed requirements.

The third amended the zoning ordinance to make Friendly Acres a single-family agricultural zone, instead of an industrial one.

Two hearings were set by the supervisors, one July 17 on a proposed Colma weed abatement district, and the other, July 14, on a requested Brisbane lighting district.

DRUNK TEST COSTS \$2.50

With the approval of the county medical association, \$2.50 was established as the standard fee to be paid by the county for sobriety

tests for motorists brought in to hospitals by highway patrolmen.

The North Fair Oaks prowl, unreported for some time now, popped up again in official proceedings as nine North Fair Oaks residents asked installation of a light at Eighth avenue and Oak drive on the grounds that "there have been many prowlers around the district lately, and the light would tend to drive them away." The petition was referred back to the signers with the instruction that 15 signatures are required on such a petition.

SPARROWS
MAKE UP ONE-SEVENTH OF ALL THE BIRDS OF NORTH AMERICA.

THE English sparrow is the only true sparrow in this country, all others being finches. Some of the more common of the great list of names among our so-called sparrows include the vesper, song, chipping, tree, field, fox, white-throated, lark, savannah, swamp and white crowned.

Painters Take Offer of \$8.50

Differences between peninsula painting contractors and their employees were settled amicably at a joint meeting held in Palo Alto Saturday, when the Painters District Council agreed to relent from its former stand for an increase of \$1 a day in pay and accepted the offer made by the contractors of a rate of \$8.50 a day (an increase of 50 cents a day), which is the rate in effect in San Francisco and Oakland.

This action effective Tuesday makes the wages for painters, paperhangers and decorators the same in all parts of the bay area. The joint committee agreed that any concessions asked for on account of jobs previously contracted for would be thoroughly investigated before being allowed.

The present agreement, effective only in the Palo Alto and Redwood City district, will be continued until June 1, 1938, with the understanding that as soon as it can be legally done, the scope will be extended to include the San Mateo-Burlingame district, and that at the termination of this agreement, a new one will be made, which will include the whole peninsula area.

At the present time the San Jose union and contractors will adopt a separate agreement, which will contain the same wage scale and general conditions, and will terminate at the same time, as the local one.

The insects most detrimental to the poultry industry besides lice and ticks are the house fly and several species of small ground beetles.

Manders Recovers From Crash Hurts

John E. Manders, Redwood City attorney, although severely bruised and shaken, was able to be up and around today while funeral services were being scheduled for his companion in an automobile wreck Saturday near Colusa.

Manders said that it was nothing short of miraculous that he had not lost his life, too, in the crash which brought death to Harry W. Pierson, 54, San Bruno retired marine.

The attorney and Pierson were on a business trip when the machine Manders was driving skidded in loose gravel and turned over three times. Manders said Pierson was killed instantly, his neck broken. Both men were catapulted into the back seat of their sedan by the crash.

\$300,000 Yet To Be Secured

Chambers of commerce of the peninsula will be enlisted in the next two weeks in the drive to secure completion of the Ocean Shore highway by 1939.

Decision to seek co-operation from the chambers to secure approximately \$300,000 in federal money to finish vital portions of the highway was made Saturday afternoon at Santa Cruz.

There 110 San Mateo and Santa Cruz county officials and civic leaders met at a luncheon put on by the joint project committee of the two counties.

As a result, within the next two weeks, at a date still to be set, according to George E. Dunn, of Half Moon Bay, chairman of the joint project committee, a dinner meeting will be held at Hotel Benjamin Franklin, San Mateo.

By that time it is hoped to have the chambers enlisted in the drive for a share of the \$300,000 in unbudgeted federal government funds believed available for the road work.

Atty. William Morrissey of Redwood City was the chief speaker at the luncheon. He cited figures to show that the state has contributed only \$58,000 towards the highway, with the rest coming in federal and highway district funds.

ILLNESS WINS MAN LIBERTY
On Dr. Harry E. Mason's testimony that Harry Webster, 43, of San Bruno, is seriously ill, the convicted burglar Monday won commutation to two years' probation of a year's sentence in the county jail. Superior Judge A. R. Cotton granted Webster his freedom. Webster was convicted of burglarizing the Hillsborough home of Mr. and Mrs. Benjamin Fallett III. He had already served 91 days.

Financier Son Is Bankrupt

With assets of \$1,111 to balance liabilities of \$517,364, Howard Spreckels, Hillsborough son of Rudolph Spreckels, New York capitalist, had on file today in United States district court, San Francisco, a voluntary petition of bankruptcy.

The father was listed as the principal creditor—to the tune of \$376,815.17 in unsecured notes.

Also listed was a debt of \$20,613 to Mrs. Rudolph Spreckels.

In the long list of lesser debts Howard Spreckels set down \$99.46 owing three housemaids in wages, \$54 owing the cook.

In the short list of assets he accounted stock valued at \$1, representing his Mexican holdings; a phonograph, valued at \$20; a home-shade trailer, at \$20; a canoe, shotgun and similar items, at \$200.

He described his occupation as "real estate salesman."

The first speech clinic will be held on Thursday afternoon, July 1, at 2 p. m. and continue each Thursday afternoon to and including August 5.

The first speech clinic to be held at the San Francisco State College, Haight and Buchanan streets, will be on Friday morning, June 23, at 9 o'clock in Room 8, Annex 8, and continue each Friday morning up to and including July 30.

There is no charge for those who register for clinic work.

Purse Missing After Auto Accident Here

A purse containing three rings worth more than \$400 and a small amount of cash which belonged to Marie Labarthe, Laurel Terrace, Redwood City, was reported still missing today by local police and Miss Labarthe.

It was first lost in a collision between two cars on Jefferson avenue Saturday, when Miss Labarthe was one of the drivers. Following the accident, she was taken to Mills Memorial Hospital with severe head injuries, but her purse, which she said she had with her in the car, could not be found.

Miss Labarthe remains indisposed at the home of her mother, Mrs. Camille Reynal.

Memorial Park Basket Lunch Set by Veterans

Veterans of Foreign Wars, James Lindsay Wilson Post No. 2310, announced plans today for their fourth annual basket lunch picnic to be held at Memorial Park June 27.

Games and freak competitions—three-legged races, egg and spoon races and other events—are scheduled to take place at 1 p. m., that is if the veterans and their friends have recovered sufficiently by that time from the hearty luncheon they are expected to eat at noon.

Adults are supposed to bring their own lunch, according to Chairman C. H. Heald, but there will be free coffee and ice cream for children.

Assisting Heald is Commander Otto Fischer, Joseph S. Farr and John Dean.

California's state flower, the golden poppy, is being sown by airplanes, the project being backed by various civic bodies.

Ostrich eggs hatch in about 43 days.

Car Thief Sent To San Quentin

Irving Addison, 23, San Francisco unemployed clerk, will leave the county jail for San Quentin prison today to serve a one to ten-year sentence for grand theft.

This was the sentence pronounced Monday by Superior Judge A. R. Cotton, before whom the San Franciscan had pleaded guilty.

He was charged with stealing the automobile of Arthur J. Kates, Serrano and Robledo avenue, Atherton, San Francisco business man and brother-in-law of Robert Roos, prominent merchant.

Addison took an overnight siesta in Kates' machine late in April, when the car was parked in the Kates' garage, and then drove the car to San Francisco.

After leaving the machine parked for several days he telephoned Kates as to the whereabouts of the machine, seeking to claim a reward for finding it.

Questioning by Atherton police and the district attorney's office soon disrupted his alibi, however, that he had merely "noticed" the car and sought to return it to its owner.

ECKHARDT LEFT NO WILL

A petition for letters of administration in the "not over \$19,000" estate left by her father, Dr. Charles J. Eckhardt of San Mateo, who died June 6, was filed in superior court here Tuesday by Mrs. Ardis W. Killelea, 123 12th avenue, San Mateo. She also asked Superior Judge Maxwell McNutt to permit her to continue operation of her father's optician business. He left no will, she said.

The head of King Leopold III appears for the first time on a Belgium coin on the new 5-franc piece.

SADLER FINE SUSPENDED

BURLINGAME, June 17—Found guilty after a court trial of practicing plumbing without a license, W. H. Sadler, Redwood City plumbing supply dealer, was fined \$25 by Police Judge R. L. Stone here this week. Because of "extenuating circumstances," Judge Stone suspended the fine.

After a struggle with deputy sheriffs, Frank Stanley, 58, who was acting strangely in front of the Redwood City courthouse, was lodged today in the county jail for observation.

STUDIES PUTT

Babe Didrikson was back in women's golfing news today, following her second round victory in the women's western open golf tournament at Chicago. It is the only tourney in which she is eligible, due to her professional connections. She yesterday defeated Mrs. Charles Denney, runnerup last year, 4 and 3. Miss Didrikson is shown here studying a putt which, from the results of things, was probably successful.

Sullivan, Friend Of Rockne, Tells Of College Days

Recalling memories of his undergraduate days at Notre Dame College, where he was a classmate of the late Knute Rockne, famed football coach who met death in an air crash, Asst. Dist. Atty. Daniel E. Sullivan painted a vivid verbal picture last night for the Lions Club of 1914 life at the South Bend, Indiana, University.

Besides reminiscences of Rockne, whom he met first while the grid-iron luminary, oddly enough, was playing the flute, Sullivan told of his experiences with Adam Walsh, later to be coach of the University of Santa Clara football team, and of the "immortal" Four Horsemen Notre Dame backfield—Elmer Layden, Henry Stralicher, James Crowley and Don Miller, men he met in 1921 when he returned to the university as a law professor.

Chairman of the meeting at Sordini's Tavern was Carl Britschgi.

Fern Picking Jails Two S. F. Florists

Charged with illegal possession of greens and sword ferns, Emilio Viviani, 32, and Lindo Manbretti, 23, San Francisco florists, were to appear today before Justice of the Peace Edward I. McAuliffe. The pair were arrested yesterday by Deputy Fire Warden James Allen as they were assertedly picking the greens near Cuesta La Honda. The florists were held in jail overnight in lieu of \$50 cash bail.

STORIES IN STAMPS

By I. S. Klein

DEFENDS SELF BY ITS SMELL

HALFWAY between an elephant and a horse is the tapir, shy animal of the South American and Malayan jungles. One of the most defenseless animals in the world, this strange creature depends mostly on its keen sense of smell to avoid its enemies.

With hoofs like the five-toed horse of ages ago, the tapir resembles that domestic animal also in the shape of its head. But jutting out from its face comes the short trunk that is used very much like an elephant's trunk.

Tapirs are vegetarians and wallow mostly in jungle swamps. A Malayan tapir can be distinguished from one of South America by the absence of a mane and by a blanket of white thrown over its body. North Borneo pictures this animal on a stamp issued in 1909.

Dickey to Lead June Mosquito Parley at P. A.

Joseph C. Dickey of Redwood City, superintendent of the Pulgas Mosquito Abatement District, will preside at the annual spring conference of California Mosquito Abatement Officials on Wednesday, June 16, at Stanford University.

Mosquito control problems encountered in eight counties bordering San Francisco bay will receive particular attention at the conference, according to E. A. Reinke, secretary.

To be considered by conference delegates is how to halt migrations through eight bay counties of mosquitoes that breed in extensive marshland in southern Sonoma county. Mosquitoes from this area have in the past drifted as far south as Palo Alto.

In Needmore, Ga., there is one store, one church and one house.

Equipment needed for the trip includes a bicycle, knapsack and "simple clothing, with as many bright colors as possible," Silverthorn said.

The route for the trip will be Canada going east, with the return being through the South.
